PROGRAM MISSION

Highly dynamic markets with short product life cycles, increasing competition, and the exploitation of emerging markets are all major challenges for today's supply chains across the globe. In recent

years, logistics and supply chain management have emerged as a strategic function. However, the skilled, well-educated supply chain leaders of tomorrow are a scarce resource. The MSc Global Logistics & SCM at KLU will help you master major logistics and supply chain challenges. You will learn supply chain and business analytics skills to enhance your academic problem-solving competencies and managerial decision-making abilities. Our international faculty will equip you with the scientific and practical methods useful for taking an interdisciplinary, intercultural, and ethical perspective on supply chain and business management. We provide you with the right tools to become leaders in one of today's most vibrant management disciplines – with a bright future full of career opportunities. The international, interactive, and intercultural environment at KLU offers you practice-oriented teaching sessions in small classes with experienced professors.

COURSE STRUCTURE

Starting in September each year, you can complete our MSc Global Logistics & SCM program in either 4 semesters (standard track) or 3 semesters (fast track). The standard track leads to 120 ECTS (European Credit Transfer System), while the fast track encompasses 90 ECTS. On both tracks, the first semester provides you with a solid foundation and prepares you for specializing in the semesters that follow. Depending on your interests, you can customize your studies with a variety of elective courses, for example, in humanitarian, maritime or sustainable logistics.

INTERNSHIP & SEMESTER ABROAD

At the end of the second semester, all KLU students do a summer internship at a company of their choice. Our Career Development office will help you decide which industry suits you best and prepare you for your internship. To complement KLU's international study environment, students on the standard track spend their third semester

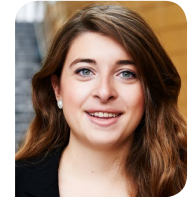

"KLU is different. I instantly fell in love with this place. It is a wonderful little family where everyone knows each other. Teaching is not a top-down frontal approach but interactive, and the lesson plans and teaching contents are adapted to the interests of each individual class."

Katharina Matz, Student MSc Global Logistics & Supply Chain Management, Class of 2017

"The variety of subjects, the team projects, the extracurricular activities, and the diversity of students I study with make this program as different as it is challenging. I'm sure that I made the right choice!"

Lydia Vogdanou, Student MSc Global Logistics & Supply Chain Management, Class of 2017

"Hamburg is one of the most beautiful and international cities in Europe. There is always something going on here. To study at KLU means to connect with people from all over the world. Come with an open mind and without any prejudices - you will not be disappointed!"

Ruben Gomez, Student MSc Global Logistics & Supply Chain Management, Class of 2017

at one of KLU's partner universities in Europe, Asia, Africa, Australia or the Americas. Students can decide to spend their third semester at KLU. This is possible when, for example, students have already studied outside of Germany for a substantial amount of time (e.g. the first degree is from abroad) and when they fulfil other KLU specific criteria.
