Impact of the COVID19 crisis on logistics and supply chains

KLU Q&A Sessions with Professor Alan McKinnon on 2nd and 30th April 2020

Issues arising during the sessions with lists of relevant information sources1.

1. How seriously have coronavirus and related regulations been affecting supply chains and logistics services around the world?

University of Turku: COVID-19 Supply Chain Impact Update by some of the World’s Leading Supply Chain and Logistics Academics (Updated weekly)

https://sites.utu.fi/covid-supply-chains/

Lauri Ojala (University of Turku): The impact of COVID 19 on global supply chains and the transport sector

Jean-Paul Rodrigue (Hofstra University): Coronavirus impacts on trade and supply chains.

Journal of Commerce: compendium of articles on ‘Coronavirus effect on supply chains’

https://www.joc.com/special-topics/coronavirus-effect-supply-chains

Jan Fransoo (KLU): Coronavirus affects global supply chains in multiple dimensions

https://www.linkedin.com/pulse/coronacrisis-affects-global-supply-chains-multiple-jan-fransoo/

UNCTAD: Coronavirus outbreak has cost global value chains $50 billion in exports

European Shippers Council (April 2020): Overview of measures per country in response to COVID-19

Finbarr Bermingham (South China Morning Post 3-4-2020): Coronavirus: global trade braces for ‘tidal wave’ ahead, as shutdown batter supply chains

UK Freight Transport Association: *FTA Coronavirus Logistics Impact Surveys*

Sam Whelan (The Loadstar 17-3-2020): *More passenger aircraft become freighters as borders stay open for cargo*

https://theloadstar.com/more-passenger-aircraft-become-freighters-as-borders-stay-open-for-cargo/

Brian Pearce (IATA): *Updated impact assessment of the novel coronavirus (on aviation)*

John Manners-Bell (Transport Intelligence): *The anatomy of the crisis and its short-term consequences for the logistics and supply chain sector*

Bernard Hoekman et al (European University Institute): *Export Restrictions - A Negative-Sum Policy Response to the COVID-19 Crisis*

https://cadmus.eui.eu/bitstream/handle/1814/66828/RSCAS_2020_23.pdf?sequence=1&isAllowed=y

2. *Will the coronavirus pandemic cause a reversal of globalization and a return to shorter and simpler supply chains?*

Martin Sandbu (Financial Times 1-4-2020): *Globalisation and national resilience can coexist despite Covid 19*

https://www.ft.com/content/49a7c20a-72a2-11ea-95fe-fcd274e920ca

Jonty Bloom (BBC Business News 2-4-2020): *Will coronavirus reverse globalisation*

https://www.bbc.co.uk/news/business-52104978

Zachary Karrabel (Wall Street Journal 20-3-2020): *Will the coronavirus bring the end of globalization? don’t count on It*

Lizzie O’Leary (The Atlantic 19-3-2020) *The Modern Supply Chain Is Snapping*

Andy Klump (PV-Tech): *Lessons from the COVID-19 outbreak: Managing global supply chains amid uncertainty*

3. How will the management of global supply chains be likely to change in response to the Covid19 crisis? How will companies try to improve supply chain resilience after the pandemic?

Rebecca Liao and Ziyang Fan (World Economic Forum): Supply chains have been upended. Here’s how to make them more resilient

https://www.weforum.org/agenda/2020/04/supply-chains-resilient-covid-19/

Francisco Betti and Jun Ni (World Economic Forum): How China can rebuild global supply chain resilience after COVID-19

https://www.weforum.org/agenda/2020/03/coronavirus-and-global-supply-chains/

Deloittes: COVID-19 Managing supply chain risk and disruption

4. How is the coronavirus crisis affecting CO₂ emissions?

Carbon Brief: Analysis: Coronavirus set to cause largest ever annual fall in CO₂ emissions

International Energy Agency: The impacts of the COVID-19 crisis on global energy demand and CO₂ emissions

Victor Mallet (Financial Times 8-4-2020): EU carbon emissions tumble during lockdowns (includes data on goods vehicles and shipping)

https://www.ft.com/content/4c59fd16-6020-4798-b8f1-5df686bbd97a

5. As supply chains and the economic system as a whole recover how can we ‘build back better’ in an environmental sense, improving the prospects of achieving carbon reduction targets?

Dickon Pinner et al (McKinsey): Addressing climate change in a post-pandemic world

Stéphane Hallegatte and Stephen Hammer (World Bank): Thinking ahead: For a sustainable recovery from COVID-19 (Coronavirus)

João Roberto Ripper: COVID-19 is not a silver lining for the climate, says UN Environment chief. Will Covid19 help us to reach our climate change targets for logistics?

World Economic Forum: How COVID-19 might help us win the fight against climate change
https://www.weforum.org/agenda/2020/03/covid-19-climate-change/

Friedel Sehleier (GIZ): Will the Corona Crisis Help or Hurt the Freight Decarbonisation Agenda?
https://www.changing-transport.org/will-the-corona-crisis-help-or-hurt-the-freight-decarbonisation-agenda/

Harilaos Psaraftis (Danish Technical University): The impact of COVID-19 on the decarbonization of shipping: a blogger’s perspective

Harry Dempsey (Financial Times, 29-4-2020) Wind power boom under threat as coronavirus hits supply chains
https://www.ft.com/content/1205af7e-47dc-41fa-a9b4-ff6a03fe1cdc

6. To what extent will efforts to improve the resilience and sustainability of post-Covid19 supply chains be mutually-reinforcing?

Sophie Punte (Smart Freight Centre): Supply chains in the time of Corona

https://www.itf-oecd.org/sites/default/files/docs/efficiency-resilience-multimodal-supply-chains_0.pdf

7. What longer term lessons may be learned from the emergency reorientation of supply chains to meet the immediate logistical demands of the medical and food sectors?

Alan McKinnon (KLU): The emergency re-orientation of supply chains
https://www.the-klu.org/article/the-emergency-reorientation-of-supply-chains/

Jonathan Eley and Alice Hancock (Financial Times 31-3-2020) UK food industry fears waste explosion as coronavirus strains supply chain
https://www.ft.com/content/7b6bb903-7688-4520-84f5-9845b0f6bd50

Jakob Heinen and Kai Hoberg (KLU): How 3D printing is supporting the fight against Covid19

8. How difficult will it be for supply chains to recover from the current level of disruption?

Sam Whelan (The Loadstar 25-3-2020): New supply chain risks emerge as production lines restart in Chinese factories.

Yossi Sheffi (MIT 16-3-2020): A Coronavirus Briefing with MIT.
https://www.youtube.com/watch?v=Br0FqIuWAHA&feature=youtu.be
9. How vulnerable has the road freight sector been to the coronavirus crisis and what measures have governments been taking to ensure the continuing flow of freight by road?

 Autotrader: Coronavirus advice for truck owners

 https://www.autotrader.co.uk/trucks/content/coronavirus-advice-for-truck-owners

 Rachel Premack (Business Insider 11 March 2020): America's 1.8 million truck drivers can't work from home and often lack health insurance — and that may stymie the fight against coronavirus

 American Transportation Research Institute: GPS Data Shows Critical Truck Deliveries Continue Despite COVID-19

 https://www.alanmckinnon.co.uk/find.html?SearchField=life+without+trucks

10. To what extent is the Covid 19 pandemic likely to reinforce established logistics trends such as digitalization and the growth of home delivery?

 UNCTAD: The Covid 19 Crisis: accentuating the need to bridge digital divides

 James Taylor and Langton McCombe (Smart Company 2-4-2020): This crisis is different: E-commerce, coronavirus and the looming recession

 Mark Szakonyi (Journal of Commerce): COVID-19 to accelerate logistics industry toward digital, low-growth reality

 Lauren Indvik (Financial Times 31/3/2020): How coronavirus will change fashion’s supply chains

 https://www.ft.com/content/c95144cb-4caf-4a7f-8eea-b7f02291d3d8

 Paul Skeldon (Internet Retailing): Surge in ecommerce will outlive corona across Europe, consumer research suggest

 https://internetretailing.net/covid-19/covid-19/surge-in-ecommerce-will-outlive-corona-across-europe-consumer-research-suggest-21231
11. How do we reduce the exposure of the logistics workforce to the risk of Covid 19 infection?

Dan McCrum et al (Financial Times 4-4-2020): The workers with no choice but to keep on with the job
https://www.ft.com/content/48e4a311-6a7c-4f80-b541-7893a5f97ea4?desktop=true&segmentId=d8d3e364-5197-20eb-17cf-24378411d178

Business and Human Rights Resource Centre: UK Warehouse workers report social distancing concerns & COVID-19 infection risk; Unions call on retailers to prioritise worker safety

Jan Fransoo (KLU): Making your (retail) distribution center Corona-resilient
https://www.linkedin.com/pulse/making-your-retail-distribution-center-jan-fransoo/

Gaby Hinsliff (Guardian 1-5-2020): The next wave of coronavirus disruption? Automation
https://www.theguardian.com/commentisfree/2020/apr/30/coronavirus-disruption-automation

12. How prevalent has panic buying been during the crisis and how seriously has it affected supply chains?

Kantar (24 March 2020): Accidental stockpilers driving shelf shortages in the UK
https://www.kantar.com/Inspiration/FMCG/Accidental-stockpilers-driving-shelf-shortages-in-the-UK

Alex Lee (Wired 30-3-2020): How the UK’s just-in-time delivery model crumbled under coronavirus
https://www.wired.co.uk/article/stockpiling-supermarkets-coronavirus

13. How big an impact is the coronavirus crisis having on levels of freight traffic and trade?

Damian Carrington (Guardian): UK road travel falls to 1955 levels as Covid-19 lockdown takes hold

Bob Pishue (Inrix): COVID-19’s Impact on Freight: An Analysis of Long-Haul Freight Movement During a Pandemic

Theo Notteboom and Thanos Pallis: IAPH-WPSP Port Economic Impact Barometer (1 May 2020)
14. What has been the impact on the cross-border movement of freight in Europe?

James Shotter et al (Financial Times 17-3-2020) *Flow of goods slows as Poland tightens it borders.*
https://www.ft.com/content/0f6ee5e4-6854-11ea-a3c9-1fe6fedca75

European Commission: *COVID19 - Guidelines for border management measures to protect health and ensure the availability of goods and essential services*

Sixfold.com: COVID-19 impact on logistics — Sixfold publishes real-time information on border crossing times

15. To what extent is the crisis threatening the financial viability of logistics businesses?

William Cassidy (Journal of Commerce): *Truckers prepare for long, uneven recovery*

Andrew Curley et al (McKinsey): *Airlines brace for severe turbulence*

Robert Plummer (BBC news website): *Coronavirus: Six industries crying out for help*
https://www.bbc.co.uk/news/business-52200386

Keiren Smith (Driver Require): *The Impact of COVID-19 on the UK Haulage Sector*
https://driverrequire.co.uk/report-covid
16. Is the coronavirus crisis influencing the freight modal split? Is it helping rail to strengthen its position in the freight market?

Andrew Corselli (Railway Age): AAR: “The impact of coronavirus on railroads is growing”

Wade Shepard (Forbes): China-Europe Rail Set To Boom As COVID19 Chokes Air, Sea and Road Transport

17. What are some of the main logistics bottlenecks caused by the coronavirus crisis?

Michael Pooler and David Keohane (Financial Times): European ports and warehouses brace for surge in containers

https://www.ft.com/content/ef13051e-9a18-40cd-a24d-45ceeee0a519

Gavin van Marle (Loadstar): UK could run out of warehouse space in two weeks as imports pile up

Patricia Nilsson and Judith Evans (Financial Times): UK supply chains threatened by storage crunch

https://www.ft.com/content/6b6d08a6-7d02-432e-a944-efb8d6ffdf66

Tyler Durden: "We Are Moving Into The End-Game": 27 Tankers Anchored Off California, Hundreds off Singapore As Oil Industry Shuts Down’

Jillian Ambrose: Oil market faces storage crisis in a world awash with crude

IATA: Immediate and severe air cargo capacity crunch

Joe Miller et al (Financial Times): Weakest link in supply chain threatens car industry revival

https://www.ft.com/content/9d3b2243-5e26-4890-918f-ec1daee3ff6b

18. To what extent has the crisis raised the public profile of freight transport / logistics?

Fiona Jenkins: Is COVID-19 a temporary or lasting remedy for our ‘freight blindness’?

Professor Alan McKinnon, Kühne Logistics University, Hamburg, Germany
