DONATION CAMPAIGN 2020
PLEASE SUPPORT THE DEUTSCHLAND STIPENDIUM

- Support extraordinary talented and socially committed KLU students directly and effectively with the Deutschland Stipendium. The federal government will double every Euro which is donated by you.

- You are free to determine the amount of the donation. Once the KLU Studienstiftung (KLU Foundation) receives these donations, they will be forwarded to KLU, which will then select the scholarship recipients. Regardless of the amount of your donation, our KLU students will be very grateful for your support.

- The KLU Studienstiftung uses 100% of the donations for the scholarships, therefore, every donated Euro reaches a scholarship recipient. Both international and German students can benefit from the scholarship.

- All donations submitted by the end of September, 2020 will be made available to students at the start of semester 2020/21. Our goal is to then provide ten selected students with a 1-year scholarship of 3.600,- Euros each.

- You can deduct your donation as income-related expenses from your tax bill. Up to 200,- Euros your deposit receipt will be considered as proof of donation by the tax office; for donations over 200,- Euros you will receive a donation receipt from the KLU Studienstiftung.

Please make your donation to:
